### **EXAMINER'S COMMENT**

#### ***Information Disclosure Statement***

1. The information disclosure statement filed 1 June 2004 fails to comply with 37 CFR 1.97(c) because it lacks the fee set forth in 37 CFR 1.17(p). It has been placed in the application file, but the information referred to therein has not been considered.
2. Examiner would like to inform Applicant that despite the above statement, it is understood that the references submitted in the IDS originated with form PTO-892 from the first Office Action, dated 4 May 2004. As such, the references have been considered and will be included in the record.

#### ***Allowable Subject Matter***

3. Claims 12 – 22 are allowed.
4. The following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor fairly teaches the claimed trap combination including an enclosure; a pivoting bail; a cocking yoke; a release device; a means for moving the release device; a means of changing spring tension; a means for disabling the trap; a means for sensing 1) when a small animal is in position and 2) that the trap has been tripped; and a means for sending a signal indicating that the trap has been tripped.
5. This statement is not intended to necessarily state all the reasons for allowance or all the details why the claims are allowed and has not been written to specifically or impliedly state that all the reasons for allowance are set forth (MPEP 1302.14).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
